

FUTURE PLANNING

The Moore County Health Council has already intervened on their Access to Health Care priority by increasing community awareness and advertising about the transportation service that is available in Moore County. The Council is also in the planning stages of their 1st Annual Mediguard Health Fair that will be held in July of the year 2000.

The Council is utilizing several resources in order to make their community more knowledgeable about the services available through the local Health Department and other agencies in surrounding areas.

The Council has endorsed a grant proposal that would provide an After-school program at the local Middle School. The results of their Community Survey were used as an assessment tool in support of this grant.
